

# THE LIVING OCEANS Series

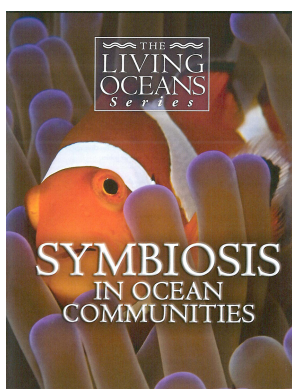

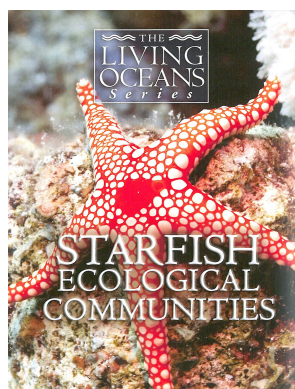

Approximately **77%** of the Earth

is covered by **Ocean...** exactly **100%** of the acclaimed series

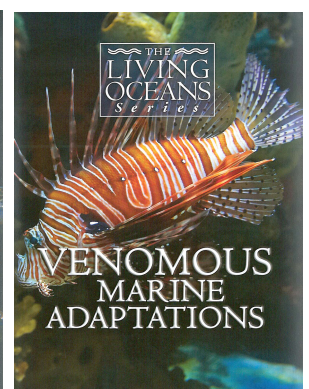

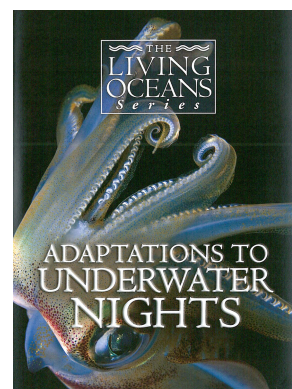

The Living Oceans is now **Accessible**

Take a break from *terra firma* and dive into a one-of-a-kind exploration of the Earth's oceans and their inhabitants. Each 20-minute title—available for the first time with captions AND description—is an illustrative journey through a particular subset of the oceans' ecosystem. Narrated by Academy Award®-winning actor Linda Hunt, this series uncovers the mysteries of anemone gardens, gets up close and personal with sharks, and answers the question: Is a starfish really a fish?
