[#9065 GUATEMALA](#)

[#9271 JUANITA'S DREAM: A MAYAN'S GUIDE TO GUATEMALA](#)

videos present spectacular photography along with dynamic computer graphics. Other features include: important historical figures, commerce, capital cities, significant

points of interest and more! These videos also inform students of the relationships between the geologic, geographical and historical effects upon a region's past and present developments. Some geologic and geographical developments include the formation of mountains, lakes, volcanoes and how these strongly influence a region's culture and history.

By understanding the profiles of these regions, students will acquire the knowledge that will define a balance between the past and present. Furthermore, as students study these videos, they will learn the geography of North America and about their own heritage and those of others.

Included with each region is an instructional guide which suggests exercises to enhance and reinforce the information discussed in the video. Each guide includes sections on **Vocabulary, Chronology, and Discussion Points/Activities!**
