

Student Activity

The Light at the Bottom of the Sea **Moko**

Vocabulary:

Light, reflection, coral reef, microscopic

Pre-Viewing Discussion:

Have you ever seen or heard something you did not understand but had to explore? What was it?

Do you think animals in the ocean rely on one another? How?

Post-Viewing Discussion:

What were Moko and Mei-Lei's reactions to the lights?

Why are coral reefs important?

Further Activities:

Find out what is happening to our coral reefs and how we can protect them.
