

MAMMAL

INTRODUCTION

This guide is designed for teachers to use with the video program **Science Video Vocab: Mammal**. Viewers will learn all about the word mammal through video, photographs, graphics and animation. The questions and activities suggested in this guide will help you to assess your students' comprehension of the subject matter.

LEARNING OBJECTIVES

- Students will be able to define the word mammal
- Students will be able to pronounce and use the word mammal appropriately
- Students will understand the word mammal as well as related concepts and principles
- Students will be able to identify examples of mammals

QUESTIONS

- What is a mammal?
- List examples of mammals?
- Describe the different kinds of habitats where mammals can survive?
- True or False: All living organisms with vertebrate are mammals.

CHALLENGE QUESTION

Discuss the different ways mammals are able to move in their specific environment?

CLASSROOM OR INDIVIDUAL ACTIVITIES

Have your class create a poster. Using magazine cut outs, drawn pictures, and words have students create an informational poster that educates people about a mammal that is on the endangered species list.
