

INSECT

INTRODUCTION

This guide is designed for teachers to use with the video program **Science Video Vocab: Insect**. Viewers will learn all about the word insect through video, photographs, graphics and animation. The questions and activities suggested in this guide will help you to assess your students' comprehension of the subject matter.

LEARNING OBJECTIVES

- Students will be able to define the word insect
- Students will be able to pronounce and use the word insect appropriately
- Students will understand the word insect as well as related concepts and principles
- Students will be able to identify examples of insect

QUESTIONS

- What is an insect?
- List examples of insects.
- List the common characteristics of insect.
- True or False: Insects are animals.

CHALLENGE QUESTION

How do insects positively affect an ecosystem? How do insects negatively affect an ecosystem?

CLASSROOM OR INDIVIDUAL ACTIVITIES

Have your students create and draw an imaginary planet with an imaginary ecosystem that can support insects that we find on earth. What other types of life would need to live there?
