

AGRICULTURE

INTRODUCTION

This guide is designed for teachers to use with the video program **Social Studies Video Vocab: Agriculture**. Viewers will learn all about the word agriculture through video, photographs, graphics and animation. The questions and activities suggested in this guide will help you to assess your students' comprehension of the subject matter.

LEARNING OBJECTIVES

Students will be able to define the word agriculture.

Students will be able to pronounce and use the word agriculture appropriately.

Students will understand the word agriculture as well as related concepts and principles.

Students will be able to identify examples of agriculture.

QUESTIONS

What does agriculture mean?

List examples of technology that has improved agriculture.

True or False: Silt enriches soil.

CHALLENGE QUESTION

How has agriculture changed throughout history?

CLASSROOM OR INDIVIDUAL ACTIVITIES

Have your class create a poster. Using magazine cut-outs, drawn pictures and words have your students create an informational poster that educates people on the different plants or animals that are grown and breed through the methods of agriculture. The poster should clearly state the function of agriculture and how society benefits from it.
